

**Job Title: Surveyor (Fresher)**

**Job Description:**

We are looking for enthusiastic ITI freshers to join our survey team. The role involves assisting in field surveys, data collection, and supporting senior engineers in preparing accurate survey reports.

**Key Responsibilities:**

- Assist in conducting field surveys for roads, buildings, and infrastructure projects.
- Collect field data using survey instruments (Total Station, GPS, Measuring Wheel, etc.).
- Support in preparing survey drawings, site measurements, and daily reports.
- Maintain survey equipment and ensure proper handling on site.
- Coordinate with senior surveyors and project teams for field requirements.
- Follow safety guidelines and ensure work accuracy.

**Requirements:**

- ITI Fresher
- Basic understanding of surveying concepts (training will be provided).
- Willingness to work on field/remote sites.
- Good communication and teamwork skills.
- Ready to learn and adapt to new technologies.
